NATIONAL CONFERENCE ON ASBESTOS EXPOSURE
IN THE FEDERAL GOVERNMENT

12-1

The Public Employee Department, AFL-CIO, is sponsoring a national conference on asbestos in the federal government of July 6, 1983. This will be the first time that representatives from Congress, federal/postal unions, OSHA, DOD, GSA and academia will come together to discuss the current status of asbestos exposure in the federal government.

The potential for serious illness from asbestos exposure in the federal government is a reality. This conference is intended to raise the level of action throughout federal agencies in cleaning up asbestos safely. Federal employees need to be protected from asbestos and it is not clear that they are receiving adequate protection.

The conference is being held July 6, 1983 at the International Hotel on Massachusetts and Vermont Avenues N.W., Washington, D.C. 20006. Registration begins at 8:30am. Anyone interested may attend but it is imperative that you preregister to ensure your attendance. There is a limited number of people we can accomodate.

For further information about the conference, contact the Public Employee Department, AFL-CIO at (202) 393-2820. Address: 815 16th Street, N.W. Washington, D.C. 20006.

There is no registration fee and lunch is provided.
